

SCREENPLAY

by HOMEFLIX

IMMERSIVE CINEMA
PERFECTED AT HOME

Emotion.
Engineering.
Immersion.

We don't just design home theatres—we direct them.

ScreenPlay by HomeFlix is a dedicated home theatre experience crafted to bring cinema-scale emotion into your home.

From Dolby Atmos sound to theatre-grade projection, intelligent lighting, and handcrafted seating — every detail is personalized for your space and your lifestyle.

Cinema That Lives With You!

It's about the emotion your cinema evokes.

Every scene feels intimate, immersive, and unforgettable. With ScreenPlay, your private theatre becomes the heart of your home.

 Dolby Atmos sound

 Theatre-grade 4K visuals

 Smart automation

 Intelligent lighting control

 Acoustic design mastery

 Personalized themes

Why ScreenPlay Matters

- Homes aren't naturally cinematic. ScreenPlay makes them so.
- Precision engineering and acoustic design deliver movies exactly the way they're meant to be experienced.

What You Take Home

- A theatre that transforms everyday moments.
- ScreenPlay becomes your space to relax, celebrate, and escape.
